

MedArm[®] POINT-OF-CARE SOLUTIONS

Modern healthcare relies on information that must be accessible at the bedside

Research shows that data should be processed where it is created – near the patient at the point-of-care. The amount of POC data is growing rapidly, as healthcare digitalizes.

- ✓ One-hand operation
- ✓ Smooth and safe movements
- ✓ Automatic locking
- ✓ High load capacity
- ✓ No cords, trolleys or hoses on the floor
- ✓ High under-walking clearance
- ✓ Modular – Can be equipped with monitor holder, computer support or trays for any medical equipment
